

Berta Campbell

KITCHEN DESIGNER

Berta holds both a Bachelor and Master of Fine Arts degrees and has been a kitchen designer for over 20 years. From speculative houses or small renovations to fine custom residences, Berta brings enthusiasm to every project. Her two decades of kitchen design help her guide clients through the process and ultimately end up with spaces they truly love to spend time in. In her spare time, Berta enjoys creating mixed media sculptures.

“I love working with spatial relationships and enjoy the collaborative process it takes to make a fabulous kitchen!”
