

Kayla Tupick

KITCHEN DESIGNER

Kayla started her design career in 2022 when she was hired as a Kitchen & Bath Designer at a small retail store in her hometown of Berlin, NH. It was there that she realized how much passion she had for the profession. Kayla loves to step in at any point in the process, whether it be designing a brand-new space, remodeling, or anything in-between. She has broad product knowledge in the materials and finishes used in kitchens, baths, and other areas of the home. The love of design fuels Kayla in her ongoing effort to stay current in this constantly evolving field. Using her ability to create a space that is beautiful and functional is always the goal. Outside of work, Kayla loves to spend time with her family.

"I believe it is important to listen to my clients' needs and wants, and to treat every project as if it were going inside my own home."
