

Kelly Donnell

KITCHEN DESIGNER, CKBD

Kelly's career started with a background in architectural drafting, which segued into joining the kitchen and bath industry in 1998. Throughout her time in the industry, Kelly has worked as a designer, a regional kitchen and bath trainer for a national company, and as an adjunct professor and member of the advisory board at Central Maine Community College. For over a decade, Kelly owned her own kitchen and bath design showroom in Augusta. Kelly earned a BS in small business management and applied science from University of Maine at Augusta and has been an active member of the National Kitchen and Bath Association since 2004, including receiving her CKBD certification credentials.

"I love to help clients get through all the new construction or remodeling humps by providing realistic expectations, quality customer service, and great products at an affordable price. It makes my heart sing and all the hard work worthwhile when clients see their completed space all come together—a new space we know they'll enjoy for a very long time!"
