

Rachel Demers

KITCHEN DESIGNER

Rachel began her career as a Kitchen Designer in 2016 after graduating from Wentworth Institute of Technology with a Bachelor of Science in Interior Design. She believes the kitchen is the heart of every home, and loves taking her client's ideas and turning them into their dream space—paying particular attention to color, style, functionality, and flow of the space. Outside of work, Rachel enjoys skiing, biking, playing cornhole, and camping.

“Working with each client is a fresh slate every time—I love bringing my customer's ideas to life through listening and creating a functional design that translates into a space they'll love for decades to come!”
