

Rachel Haynes

KITCHEN DESIGNER

Rachel's experience in the design industry brings versatility and expertise to every project. From a very early age, Rachel has had an appreciation for design and has always wanted to tie that into her daily life. She has worked for a variety of companies where she gained valuable experience specifying tile selections, designing custom cabinetry, offering full-scale interior design, and everything in-between. Rachel likes to transform spaces into exactly what her client is envisioning while adding her own special touch. Outside of work, Rachel likes to spend time with friends and recharge by skiing, camping, and hiking.

"Bringing my clients' visions to life is one of my favorite aspects of the job. Creating living spaces that are functional, beautiful, and comfortable is something I strive to accomplish with every design."
